

Life Beyond the Books – Participant Profile

Life Beyond the Books (LBB) is an exciting venture created to enrich and enhance our students’ classroom experience. This program is a coordinated effort designed to “bring to life” the curriculum taught by our faculty while strengthening the bond between families and students.

As a parent, grandparent, extended family member, BCS alumni or family friend, we invite you to share the knowledge and experiences developed within your career, profession, hobbies or other special interests. Recent BCS guests include a grandmother who shared her passion for gardening by explaining plant development and providing clippings for the students to observe plant growth at home and an uncle who described his life as a fighter pilot, how a plane flies and the effects of high speed on the body.

With your help, we can offer our students insight into life applications and assist them by reinforcing the concepts they have been taught. You may spark an interest, encourage a dream or affirm a vision in the life of a BCS student!

If you, a family member, or friend is interested in sharing with our students, please complete the request for information below and return to the school office. Additional copies may be made as needed.

Thank you for your willingness to share your experiences with us!

Mr. Mrs.
NAME: Miss Ms. _____

CONTACT INFO: Home Phone: _____ Cell Phone: _____

Email: _____

BEST METHOD OF CONTACT: Email Home# Cell#

BEST TIME TO CONTACT: Morning Afternoon After 5 p.m. Anytime

RELATIONSHIP TO BCS: _____
